AQUARIUM DETAILS

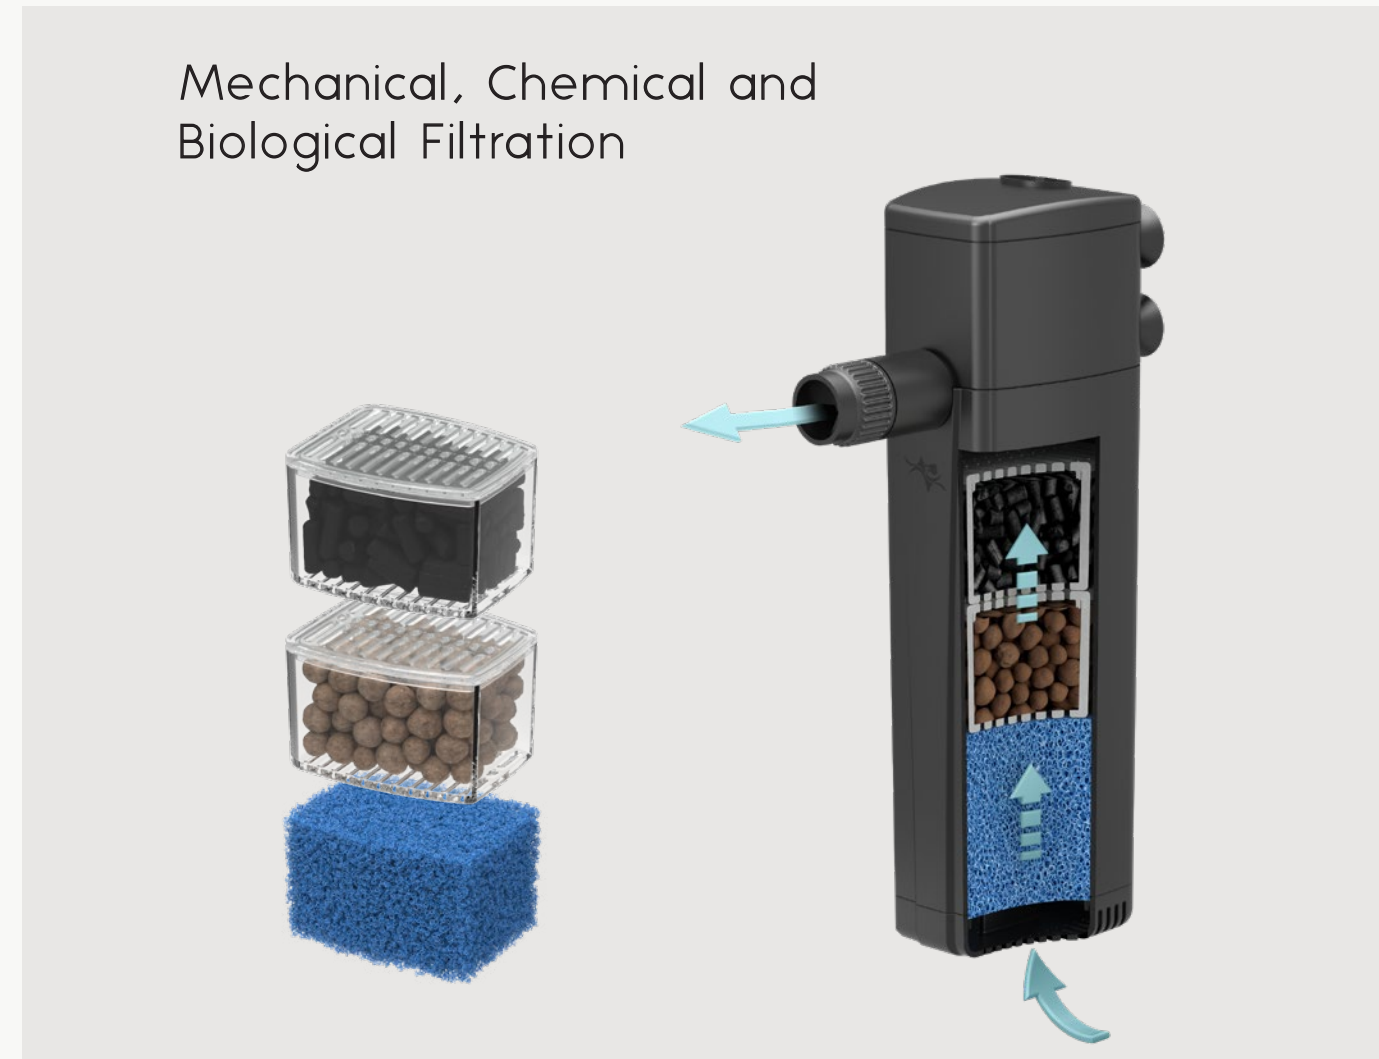

INCLUDED EQUIPMENT

SAFE LIGHTING LED

Advanced technology LED lighting, offering very low power consumption, more safety and a longer lifetime. The wide beam of high power gives an excellent quality to the emitted light.

CLEANSYS INTERNAL FILTER

The CLEANSYS internal filters are very effective filters that carry out an excellent performance, due to their CLEANBOX filter media, working against the harmful elements in the aquariums.

EASYKLIM+ HEATER

EASYKLIM+ heaters have a high resistance and can be completely submerged in water. They all include a regulator for adjusting the temperature and a power indicator.

SAVE THE EARTH

Our sustainable practices
Did you know?

PACKAGING

40%

LESS CARDBOARD

By opting for sleeve packaging we reduce cardboard waste by 40%

FSC

CERTIFIED

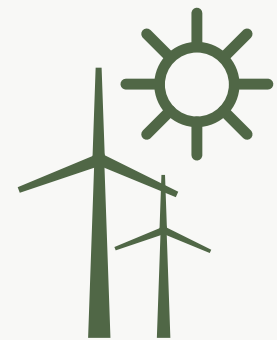

Our cardboard packaging is FSC certified, which means our brand participates in the preservation of the environment and biodiversity

WATER-BASED

INKS

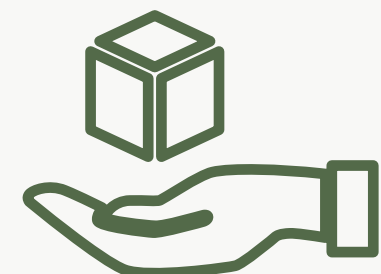

In our packaging, only water-based inks are used, without the use of chemical substances

55%

RENEWABLE ENERGY

55% of the energy consumption for the manufacture of our products comes from renewable energy sources

100%

PLASTIC REUSE

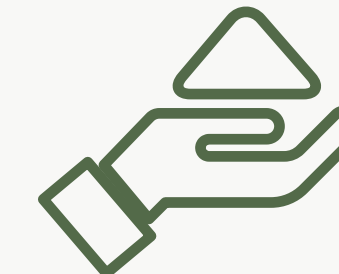

We reuse 100% of the plastic which is transformed in new products

250^{tn}

WOOD RECYCLED

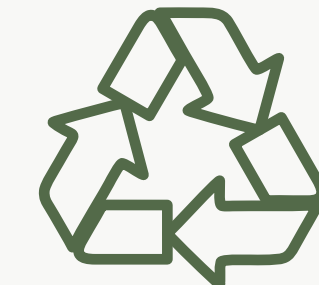

250 tonnes of wood recycled, saving a total of 100 trees

100^{tn}

GLASS RECYCLED

100 tonnes of glass recycled, saving around 120 tonnes of raw material

20^{tn}

ALUMINIUM RECYCLED

20 tonnes of aluminium recycled, saving 95% energy in its production

SAVINGS PER YEAR AQUATLANTIS

Aquariophilly is easier with **Aquatantis**
